# Prosper, Texas

Prosper is a suburban town located in Collin and Denton counties within the state of Texas. The Town of Prosper is located within the Dallas-Fort Worth metropolitan area. As of the 2020 census, the population was over 30,000.

The first settlers arrived in 1846 to farm cotton in the black fertile prairie soil. Between 1850 and 1902, two settlements existed - Rock Hill was two miles south of the present town and Richland was one mile north. The towns merged during the establishment of St. Louis & San Francisco Railroad in March 1902. For years, Prosper was the central stop for the railroad between Dallas and Sherman. When community officials applied for a post office with the name "Richland", they were informed that the city name was already taken. Postmaster B.J. Naugle asked for an alternative name, and J.C. Slaughter suggested the name "Prosper" because crops that year had been very prosperous.

Prosper was incorporated in 1914 with a commission form of government and a population of 500
